

# WHY SAY NO to Mandates and Certificates

I've been jabbed, can I still catch Covid? **Yes**

Can I still pass Covid on to others? **Yes**

If people vaxed or unvaxed can mix at home, why segregate them in public?

"Vaccination reduces the risk of delta variant infection and accelerates viral clearance. Nonetheless, fully vaccinated individuals with breakthrough infections have peak viral load similar to unvaccinated cases and can efficiently transmit infection in household settings, including to fully vaccinated contacts". **Thousands will be locked out of jobs,  
shops, events, travel, because of  
mandates and certificates**

## Does that make sense?

**No! Home based tests and early treatment used  
successfully in other countries makes sense**
